

Midnight Portals: Short Stories (Paperback)

Filesize: 5.46 MB

Reviews

Basically no words to clarify. Of course, it is perform, still an amazing and interesting literature. Its been printed in an exceptionally basic way which is only soon after i finished reading through this ebook where actually altered me, change the way i really believe.

(Newton Runolfsson)

MIDNIGHT PORTALS: SHORT STORIES (PAPERBACK)

[DOWNLOAD](#)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English. Brand new Book. Many things can happen when your brain is about to go to sleep. Five short stories by Ernie Howard to help you see. The Midnight Portal. The Light Through the Water If my father hadn't pulled me out of the water I would have stayed dead. Just before I blacked out, I saw the most beautiful light coming through the water. A light so bright and full of love it made me forget about death. Years went by and I forgot about the light. Things changed, I got older. People I loved saw their own light. And I eventually saw mine again. This is the story of my light. The Light Through the Water A World Without The Future is Scary! Anthony's wife Susan has lost her love. She takes long business trips, and talks in clipped sentences. The problems that Anthony sees in his marriage are not what they seem. They are bigger than the two people who can't seem to get back to where they once were. At Norworld, we prolong life through A.I. We take away the suffering with technology. "If the one person in your life you loved the most was there one second and gone the next what would you do? You would explore every possibility to get them back. Losing someone is a bone crushing, soul emptying experience, but now it doesn't have to be! At NorWorld, we prolong life through A.I. We take away the suffering with Technology." - Dr. Thad Feast Singularity is near. The Droids are Becoming. What really is consciousness? Is it what we can see, taste, hear, and feel? If that is what consciousness is couldn't we duplicate it with an Artificially Intelligent being?...
